

LOUISIANA ENVIRONMENTAL HEALTH ASSOCIATION

P. O. BOX 2611

BATON ROUGE, LOUISIANA 70821

FRANK L. DAUTRIEL MEMORIAL SCHOLARSHIP FUND EDUCATIONAL AWARD

The Louisiana Environmental Health Association (LEHA) was conceived in 1947 by six charter members to address environmental issues in the State of Louisiana. LEHA is also a state affiliate of the National Health Association (NEHA).

LEHA's membership is made up of a varied group of people who study and/or work in environmental protection and public health areas. The group is presently made up of state agencies, industry, military services, and consulting agencies in all areas of environmental management who are dedicated to helping environmental health professionals meet demands of effective control of environmental issues.

Every other year, LEHA hosts a one-day conference to discuss environmental topics. LEHA awards two educational scholarships each year to assist outstanding students in the environmental and health fields. Two \$1,000.00 scholarships are awarded, one to an undergraduate and one to a graduate student. LEHA's scholarship award winners will be presented at this Bi- annual Conference.
