#### 7. Committee Reports

Professional Development - 2001-2002 Final Report – Marian Aguillard

Marian Aguillard thanked everyone again for helping out with the conference. She estimated that the conference profited about \$4,000. She then suggested that we take \$2,000 of the profits and earmark for the scholarship fund, and \$2000 for a workshop. A discussion resulted in the Board approving \$2000 to go to the scholarship fund, and the other profits to remain in the checking account as this time.

Marian indicated she had pictures and Jason also had taken pictures from the conference. Marian indicated that she would ask Joan for her pictures, then sort them out and pick the best to be inserted onto the web.

Professional Development Committee Report for 2002-2003 – Walter Pichon

The tentative dates of the conference are January 28-30. At this time, the committee is thinking about "Changing Times" as the theme. Walter asked for suggested themes and speakers. Dr. Blalock, Director of Bio-Terrorism was suggested as a good speaker on Bio-Terrorism and Dr. Trappey of LSU's School of Food Science. James Miller suggested a speaker from the LSU Medical School off of Gravier in New Orleans, and would try to get his name. Any persons having suggestions for speakers should contact Walter or anyone else on the committee.

He indicated that Patsy and Sharon will be handling the arrangements for food and the band. Shelia Prejean indicated she knew of a good band from Lafayette.

Walter Pichon, Claude Lewis, Shelia Prejean, Mary Miller, and Robert Freeman conducted a site visit of the potential conference hotels; the Hotel Acadiana, and the Holidome in Lafayette. Walter explained the differences in the two hotels.

#### 8. New Business

James Miller indicated that we received letters from two DEQ Administrators requesting refunds because they could not attend the conference, and asked for a discussion. Paul Miller indicated that DEQ has supported the conference for many years, and Peter Romanowsky indicated that the DEQ has also given support by sponsoring the conference this past year by allowing us to use the printers and other equipment. After some discussion, it was motioned by Pete Romanowsky

and seconded by Marian Aguiard that we grant the refunds for the conference and or workshop amount paid for the requests that we have received prior to the date of this meeting with wording effective today that a no refund policy be implemented in the future. Marian, Pete, and Paul volunteered to get together to draft the letter.

James Miller mentioned that Early Bird Discount Registration and standard registration fees should be noted on the conference brochure. Also, if the participant registers at the door, there should be an added cost because of the extra work required to prepare folders, name tags, certificates, etc. And we need to ensure that the language indicating a raffle for early bird registrants not be added to any future brochures. After some discussion, President Flynn requested that the committee work with James on wording for the conference brochures.

It was also suggested that we add wording indicating that seating space is limited, and that we reserve the right to limit capacity.

James Miller indicated that due to the Ethics Commission ruling, we should spend more money on the participants. Paul Miller agreed and indicated that additional items could be added to the goodie bags.

It was also discussed that James Miller is creating a historical record in his database. Please submit any historical data regarding years as a Board member, name of position, etc. to James for inclusion in the database.

John Koury, Jr. expressed that he was glad to be on the Board, and looking forward to working with the board and organization.
